

What is a Hook?

It is the first sentence to grab your reader's attention!

Example opinion statement: *Dogs are better than cats.*

These are different types of hooks and examples for my opinion statement.

Question:

Have you ever been
jumped on by a dog?
I have, they are
strong.

Sound Effect:

RUFF RUFF! Carbon,
my dog is barking at a
squirrel.

Fun Fact:

Dogs noses are wet to
help them smell
better. They are great
smellers!

Visualizing/Story

Carbon's tail is wagging
side to side while he
jumps on me and knocks
me down.

Dialogue:

"Carbon sit. Good boy.
Lay down. Good dog." I
said. Dogs are great at
following directions.
