

Alliteration Poems

Directions: After watching the Poetry Slideshow, (focus on slides 17-18 for “Alliteration”). Brainstorm/think of all the words that start with a particular letter or sound--maybe try the first letter of your name. Write them down or type them here:

After writing down all the words that start with the same sound, use the words to create a fun Alliteration poem below. Be sure to give it a title (see slides 17-18). If you would like, please think of words with different letter/sound and create another poem--enjoy reading your poem out loud.
*Optional: Use your Seesaw journal to read your poem aloud fluently!
