

# ***Vows that make you LOL***

## ***Promises for Her***

I promise ...

- To resist the urge to physically shake you when your snoring shakes the walls (and no, nose strips don't help. Neither do ear plugs).
- To never tell you how much my new shoes really cost.
- To cheer you on and clap loudly whenever you sing Karaoke
- To never call a plumber until I've given you ample opportunity to pretend to fix it (I'm willing to keep up with the charade).
- Not to roll my eyes in front of you when you have man flu.
- To suffer through your TV shows without complaining.
- To leave the last Timtam for you.
- To preserve your masculinity and not get us a floral print bedspread.
- Not to post embarrassing photos of you on Facebook (after all, Twitter is where it's at).
- To pretend to listen to the blow by blow account of your golf game/football game/soccer game and I will periodically make vague comments to make it sound like I'm listening.
- To not grumble when you change the radio station to the cricket or the Continuous Call Team when we are in the car.
- To attend car shows and at least pretend to show interest in horsepower, engines, and custom modifications, even if I have no idea what you're talking about.
- To go fishing with you at least once, provided you take care of anything slimy, scaly, pokey, or just plain mean-spirited.
- To be the navigator and bring all the snacks on our road-trip through life.
- To let you know when you are making a slight error in fashion judgement.
- To comfort you when your football team loses and drink beer with you when they win.
- To love you, pants or no pants.
- To actually use a shopping list, instead of leaving it in my bag and hoping for the best.
- To always leave you something to nibble off my plate.
- I promise to introduce you to food groups other than chicken nuggets
- To laugh at your terrible jokes and be your partner on the dancefloor.

- I will always acknowledge your celebratory fist bumps, whether they're for a goal at the footy or for just getting through the traffic lights.
- To be there with you through the silly times and the stinky times, which, on occasion, are the same time.
- To love every last bit of you... even your snoring and love of terrible '80s ballads!
- I promise to make sure I'm not just hungry before I yell at you.
- I vow to never complain about the noises you make in the bathroom every morning as long as you vow never to complain about my hair in the drain.
- I promise to keep the house full of wine, especially after we have kids.
- To say I'm sorry when I am wrong (though we both know I never am)
- I vow to walk through life with you side by side, always together as we scroll on our phones.
- To cherish you, even when you can't find your car keys?"
- I promise to tell you if you've got something in your teeth.
- I will never keep score, even though I am totally winning, because everything is always a competition.
- I promise to laugh with you every day, to dance with you in the kitchen and to not rub it in when I beat you in cards.
- I promise to always make sure there's no food left in your beard after dinner.
- I promise to make you a bacon sandwich when you're hungover
- I promise to remind you of our anniversary at least 2 days before it happens
- I promise to put my make-up in its designated drawer if you pick your pants up off the floor

## ***Promises for Him***

I promise ...

- To give your phone charger priority and not to interrupt your Facebooking time.
- To kill all the spiders and cockroaches and anything else you deem creepy or gross.
- To actually put my clothes in the dirty clothes basket (not next to it).
- Not to complain or roll my eyes when we watch "Sex in the City" or "Frozen" again.
- To always bring you a glass of water at night when you ask for it (even if it's Winter and I was in bed before you).
- Not to steal the covers at night or beat you up because I'm having that ninja dream again.
- To listen to you when you try to explain that I have enough guitars (I admit I do ... for now).
- To love and cherish you more than my motorbike.
- I will never fart under the covers before you climb into bed.
- I promise to poop with the door closed.

- I promise not to let my body hair and/or toenails become long enough to poke and/or injure you.
- To cheer you on and clap loudly whenever you sing Karaoke
- Not to make fun of your feelings for Justin Bieber or Ryan Gosling and to actually give you a 'free pass' if one of them asks you on a date.
- To always make fun WITH you or at least to kiss you after making fun OF you.
- To acknowledge your high fives.
- Not to use your hair brush or your toothbrush.
- To put down the toilet seat and change the toilet roll when it finishes.
- To order dessert, even if I don't want any, so that you can share it with me.
- That our children will support the Dragons.
- That I will always be there for you; even if it's the 80<sup>th</sup> minute and scores are level.
- I promise to always be there for you, even if it's the last over a 5 day test and Australia only needs 6 to win
- I promise to do the stuff neither of us really wants to do
- I promise to hold off secretly watching episodes of \*whatever TV show we are watching together\* – until we are actually together.
- I promise to always love you ... even during footy season.
- I promise to never, ever, ever forget our wedding anniversary or your birthday.
- I promise to buy taller shoes so you can wear heels."
- I promise to hate the same people on "The Block" as you do
- I promise not to ever think about or touch the decorative hand towels that you only put out when visitors are coming.
- To say I'm sorry when I am wrong (though we both know I never am)
- I promise never to leave you stranded without toilet paper.
- I promise never to leave toast crumbs in the butter or jam.
- I promise to forget I've ever seen you throw up/give birth/pick your nose/pop a pimple
- I promise not to ignore an overflowing trash can.
- I promise to agree that you really are the best driver on the road and always know exactly where you're going – because it's not worth the argument...

### ***Do you both promise ...***

- To be treat each other as individuals and equals, never trying to change the other; and give all that you've got to give to make each other's dreams come true?
- To be open, honest and patient with each other, to trust each other and be worthy of that trust?
- To keep updating these as vows as you go - because one set of vows can't cover a lifetime of growing and changing, of someday raising children, or falling more and more in love with each other every day.
