
Accountant Cover Letter for Internship Example

Dear Hiring Manager,

I am writing to apply for the Accountant Internship position at XYZ Corp. As a current student pursuing a degree in Accounting at ABC University, I am eager to gain hands-on experience in a professional setting.

My coursework in financial analysis, coupled with my part-time work as a bookkeeper, has provided me with a strong foundation in accounting principles. I am confident that my skills and enthusiasm make me a strong candidate for this internship opportunity.

Thank you for considering my application. I look forward to the opportunity to learn and contribute as an intern at XYZ Corp.

Sincerely,
