Subject: Application for Back-end Developer Position

Dear [Recipient's Full Name],

I am writing to apply for the Back-end Developer role at [Company Name]. My experience in developing scalable and robust backend systems aligns with the responsibilities of this role.

At [Current Company], I was part of a project that improved the system's performance by 50% through optimization and code refactoring. My skills in various programming languages and my commitment to best practices would make me a valuable addition to your team.

Thank you for considering my application. I look forward to the opportunity to contribute to the innovative environment at [Company Name].

Sincerely,  
[Your Full Name]
