# Civil Project Manager Cover Letter Example

Dear Hiring Manager,

I am excited to apply for the Civil Project Manager role at [Company Name]. With my strong background in civil engineering and project management, I believe I am well-suited for this role.

In my previous role at [Previous Company], I managed several civil projects, overseeing design, construction, and stakeholder coordination to achieve project goals. My strong technical knowledge, coupled with my project management skills, make me a strong candidate for this role.

I am eager to contribute to your civil projects and help build lasting infrastructure for the community.

Thank you for considering my application. I look forward to discussing my candidacy further.

Best Regards,

[Your Name]
