Subject: Application for the Creative Project Manager Position

Dear Hiring Manager,

As a creative professional with a love for project management, I was excited to see your advertisement for a Creative Project Manager. My background in design combined with my project management expertise makes me uniquely suited for this role.

In my previous role at Design Corp, I led a creative team in the execution of various projects, consistently delivering results that exceeded client expectations. My creative skills, combined with my ability to manage projects effectively, have consistently led to successful projects.

Thank you for considering my application. I am eager to bring my creativity and project management skills to your team.

Yours sincerely,
