
Engineering Student Cover Letter Example

Dear Hiring Manager,

I am writing to express my interest in the Software Engineer Intern position at your esteemed organization. As a Computer Engineering student at XYZ University, I have acquired a solid foundation in programming principles, data structures, and algorithms.

Throughout my coursework, I've had the opportunity to use programming languages like Java, Python, and C++. In addition to my academic achievements, I have also participated in a hackathon where my team and I developed a web application that won second place.

This experience has provided me with a practical application of my coursework and has honed my problem-solving skills. I am eager to bring my drive and dedication to your team and am confident that this opportunity will provide a strong platform for further developing my skills.

Sincerely,

[Your Name]
