
Fresh Computer Science Graduate Cover Letter Example

Dear [Hiring Manager's Name],

I am writing to apply for the [Job Title] position at [Company Name], as advertised on [Job Advertisement Source]. As a recent Computer Science graduate from [University Name], I have a solid foundation in data structures, algorithms, and software engineering principles.

I have honed my coding skills through a variety of group projects and independent work, using languages like Java, Python, and C++. Additionally, my experience as an intern at [Company Name] allowed me to develop my problem-solving skills and learn to collaborate effectively with a team.

Thank you for considering my application.

Sincerely,
[Your Name]
