
Fresh Mechanical Engineering Graduate Cover Letter Example

Dear [Hiring Manager's Name],

I am writing to apply for the Mechanical Engineer position at [Company Name] that was advertised on [Job Advertisement Source]. I recently graduated from [University Name] with a Bachelor's degree in Mechanical Engineering and I am excited to apply the skills I have acquired in a practical setting.

During my university studies, I undertook a project on [briefly describe a project or achievement], which honed my problem-solving and teamwork skills. My internship at [Internship Company Name] gave me hands-on experience in designing mechanical systems and conducting failure analysis, both of which are critical for the [Job Position].

I am eager to bring my engineering skills to [Company Name] and contribute to your ongoing projects. Thank you for considering my application.

Sincerely,
[Your Name]
