
Resignation Letter due to Mother's Illness

Dear [Manager's Name],

I am writing to tender my resignation, effective [Date], due to my mother's deteriorating health. Her condition requires continuous care and support, and I need to be with her during this challenging time.

While I am passionate about my job and have always given my best, my current family circumstances compel me to prioritize my mother's health. I have learned and achieved so much here, and I cannot adequately express my appreciation.

I am eager to ensure a smooth transition and will do everything I can to facilitate this process.

Thank you for your understanding.

Warm regards,

[Your Name]
