
Social Work Cover Letter with No/Without Experience Example

Dear [Hiring Manager's Name],

Although I am a recent graduate with no direct experience as a Social Worker, my educational background and internships have provided me with a strong foundation in social work principles.

During my internship at [Internship Organization], I assisted experienced social workers, conducted assessments, and developed treatment plans. My passion for social justice, empathy, and eagerness to learn make me a promising candidate for this role at [Organization's Name].

I look forward to the opportunity to grow and contribute at your esteemed organization.

Sincerely,

Dr. [Your Full Name]
