Software Engineer Cover Letter

Dear Hiring Manager,

I am thrilled to apply for the Software Engineer position at XYZ Company. As a Computer Science graduate from ABC University, I have developed a keen interest in software development. Over the past three years, I have honed my skills in various programming languages, including Java, Python, and SQL.

In my previous role at DEF Corporation, I was a key contributor to the development of a highly efficient inventory management application. This initiative significantly improved the company's operational efficiency by 20%. I believe that my strong technical abilities and dedication to solving complex problems would be a valuable addition to your team.

Thank you for considering my application. I am looking forward to the opportunity to further discuss how I could contribute to your team.

Best Regards,
