
Software Engineer Cover letter for Fresher Example

Dear Hiring Manager,

I am excited to apply for the entry-level Software Engineer position at XYZ Company, as advertised on your company website. As a recent graduate from ABC University with a Bachelor's degree in Computer Science, I am eager to start my professional journey in the field of software engineering.

During my time at ABC University, I have developed strong programming skills in languages such as Java and Python. I have also gained experience in agile methodologies during my final year project, where I worked with a team to develop a task management application.

I am confident that my strong technical skills, willingness to learn, and passion for software development make me a strong candidate for this position. I am looking forward to the opportunity to demonstrate my potential and grow with XYZ Company.

Sincerely,

[Your Name]
