

Ocean of Emotions

By SANDYGRAM

Mysterious as dark of night,
deeper than a lover's emotion.
Waves splash high neath sky,
upon the vastness of the blue ocean.

Pirate tale, buried treasures,
beneath the briny salty sea.
Mermaid wench upon a rock,
sailors lured unsuspectingly.

Pale full moon tugs at tide,
lovers sail across the bay.
Shadows dancing on water,
the crimson sunset fades away.

Nature and all its beauty lay,
colored aqua, turquoise blue.

White caps decorate topside,
shoreline comes into view.

Sea foam churns as tide turns,
what lay beneath shall remain.

Place to sit and contemplate,
Neptune's mysterious domain.
