

LIST OF KINDNESS POEMS FOR KIDS

Kindness blooms in every smile,
Brightening days and making life worthwhile.
A gentle word, a helping hand,
Spreads joy and peace across the land.

Please and thank you, **magic words**,
Sweeter than the songs of birds.
Use them daily, use them right,
Turn a day from dark to bright.

All aboard **the kindness train!**
Joy and cheer in every lane.
Help someone along the way,
Make kindness count every day.

Gentle words, a soft embrace,
Can bring a smile to any face.
Speak with love, speak with care,
Kind words can take you anywhere.

Share a smile, give a hug,
Lift a friend or squash a bug.
Tiny acts of love and care,
Show the world how much we share.

A little seed of kindness sown,
In fertile hearts, it's always grown.
Watered with love and sunny smiles,
It sprouts and stretches out for miles.

Helping hands, both big and small,
Working together, helping all.
From tying shoes to sharing snacks,
Kindness is the best way to relax.

Join the circle, hold hands tight,
In a world where kindness might.
Light up darkness, clear the night,
With every act, make spirits bright.
