

# Fresh Food Company Profile

---

## Company Overview

**GreenHarvest Fresh Foods** is a premier supplier of fresh, locally sourced food products, specializing in fruits, vegetables, and farm-fresh dairy. Established in 2012, we are committed to providing consumers with high-quality, organic, and sustainably farmed food products that support a healthy lifestyle. Our supply chain is rooted in partnerships with local farmers and producers, ensuring that our products reach customers as fresh as possible, with minimal environmental impact.

## Mission Statement

At **GreenHarvest**, our mission is to deliver the freshest, healthiest, and most sustainably produced food products to consumers. We strive to connect communities with locally sourced, farm-fresh produce while promoting sustainable farming practices and healthy eating.

## Vision

To be the leading provider of fresh, sustainably sourced food products, known for our commitment to quality, health, and sustainability.

## Services Offered

### 1. **Farm-Fresh Produce**

A wide variety of fresh, locally sourced fruits, vegetables, and herbs delivered to stores, restaurants, and directly to customers.

### 2. **Dairy & Eggs**

Supplying fresh dairy products, including milk, cheese, and yogurt, along with farm-fresh eggs from local suppliers.

### 3. **Organic & Seasonal Offerings**

We offer certified organic produce and seasonal selections to ensure our customers receive the best-tasting and nutrient-rich foods.

### 4. **Home Delivery & Subscription Services**

Delivering fresh food boxes directly to customers' homes through subscription services, with customizable options for dietary preferences.

### 5. **Wholesale Supply**

Providing bulk fresh food supply to grocery stores, restaurants, and catering companies, ensuring they receive premium products with fast delivery.

## Product Categories

- **Fresh Fruits & Vegetables:** Sourced from local farms, offering a variety of organic and conventional produce.
- **Dairy Products:** Milk, cheese, butter, yogurt, and more, sourced from trusted dairy farms.

- **Farm-Fresh Eggs:** Free-range, organic eggs delivered fresh from local farms.
- **Herbs & Greens:** A selection of herbs, leafy greens, and microgreens, perfect for adding freshness to any meal.
- **Prepared Fresh Foods:** Pre-cut fruits, vegetable mixes, and ready-to-cook fresh meal kits.

## Key Features

- **Locally Sourced:** We prioritize sourcing from local farms to ensure freshness, support local communities, and reduce our carbon footprint.
- **Sustainability Focused:** GreenHarvest is committed to sustainable farming practices, including organic farming, water conservation, and minimal pesticide use.
- **Quality Assurance:** All our products undergo stringent quality checks to ensure customers receive the freshest, healthiest food.
- **Farm-to-Table Experience:** By working closely with local farmers, we ensure that our customers experience the freshest food directly from the source.

## Technology

GreenHarvest uses modern cold-chain logistics to ensure that all our fresh products are stored and transported at optimal temperatures, maintaining their freshness from farm to table. Our online platform also allows customers to easily place orders for home delivery or subscription services, with real-time updates on product availability.

# Sustainability Commitment

We are dedicated to sustainability by:

- **Supporting Local Agriculture:** By sourcing our products from local farmers, we reduce food miles and support the local economy.
- **Eco-Friendly Packaging:** We use recyclable and biodegradable packaging for all of our products to minimize environmental impact.
- **Organic Practices:** We promote organic farming methods, ensuring healthier, pesticide-free food for our customers.
- **Waste Reduction:** Partnering with food banks and composting programs, we ensure that no food goes to waste.

## Certifications

- **Certified Organic:** A wide range of our fresh produce is USDA-certified organic, ensuring it is grown without synthetic pesticides or fertilizers.
- **Non-GMO Verified:** Our products are non-GMO verified to ensure natural, healthy food options for our customers.
- **Fair Trade Certified:** We support fair trade practices for certain products, ensuring ethical treatment of workers throughout the supply chain.

## Team

- **Founder & CEO: Emma Carter**

Emma founded GreenHarvest with a vision to provide communities with

better access to fresh, healthy food while promoting sustainable agriculture.

- **Head of Farming Partnerships: Tom Davis**

Tom oversees relationships with local farmers, ensuring the highest quality products are sourced and delivered to our customers.

- **Sustainability Officer: Rachel Kim**

Rachel leads GreenHarvest's sustainability initiatives, ensuring that the company's operations meet the highest environmental standards.

## Markets Served

- **Retail:** Supplying fresh produce and dairy products to supermarkets and specialty grocery stores.
- **Food Service:** Providing fresh ingredients to restaurants, hotels, and catering services.
- **Direct-to-Consumer:** Offering home delivery services for fresh food boxes and customized subscription plans.
- **Wholesale:** Serving bulk quantities of fresh food products to wholesale distributors and larger clients.
