

# Asset Theft Investigation Report

---

**Date of Report:** [Insert Date]

**Prepared By:** [Your Name]

**Incident Number:** [Insert Incident Number]

## 1. Incident Overview

- **Date of Incident:** [Insert Date of Incident]
- **Time of Incident:** [Insert Time]
- **Location:** [Insert Location]
- **Type of Theft:** Asset Theft

## 2. Description of Incident

On [date], it was discovered that [describe the stolen assets, e.g., "computers, machinery, equipment"] were stolen from [location]. The theft was identified when [briefly describe how it was discovered, e.g., "a routine audit showed missing items or security personnel noticed suspicious activity"].

## 3. Involved Parties

- **Victim(s):** [Company or individual owning the assets]
- **Witnesses:** [List witnesses with contact details, if any]
- **Suspected Individuals:** [If applicable, provide information on any suspects]

## 4. Evidence Collected

- **Security Footage:** [Describe any relevant security footage, e.g., "CCTV captured a person removing the items at 2:00 AM"].
- **Access Logs:** [If applicable, detail digital logs showing access to the area].
- **Physical Evidence:** [List evidence such as fingerprints, damaged locks, etc.].
- **Witness Statements:** [Summarize witness reports].

## 5. Actions Taken

- **Immediate Actions:** Security was alerted, and [describe steps taken to secure the area or prevent further theft].
- **Law Enforcement Notification:** Police were notified at [time] and a formal report was filed.
- **Internal Investigation:** The company initiated an internal investigation, reviewing security protocols and asset management records.

## 6. Investigation Findings

Initial findings suggest that the theft occurred due to [insert analysis, e.g., "lack of proper surveillance or a security system malfunction"]. The suspect(s) likely gained access through [describe entry method, e.g., "an unsecured door or a breached window"].

## 7. Preventive Measures

To prevent future incidents, the following actions are recommended:

- **Upgrade Security:** Install or enhance CCTV coverage and alarm systems.
- **Access Control:** Implement tighter access restrictions and audit trails for high-value assets.
- **Staff Training:** Provide training on asset management and security protocols.

## 8. Conclusion

The investigation is ongoing, and law enforcement is actively pursuing leads. Security improvements are being implemented to mitigate future risks.
