

Friendly Letter for Grade 4

789 Oak Lane

Sunnydale, SD 90210

January 28, 2025

Dear Emma,

Hi there! I hope this letter finds you smiling and excited for the week. I'm already looking forward to seeing you in class tomorrow. Do you remember last week when we built those amazing lego towers in science class? I still can't believe mine was the tallest!

This weekend, I visited the aquarium with my cousins. We saw sharks, dolphins, and my absolute favorite, the sea turtles. They seemed so peaceful, gliding through the water. I learned that sea turtles can hold their breath for hours! I'll bring some pictures to school to show you.

How did your piano recital go on Sunday? I bet you were fantastic. You always play so beautifully, and I know you were practicing a lot. Let's plan to spend some time at recess this week—I'd love to hear all about it.

I'm also super excited about our field trip to the planetarium next week. I can't wait to see the star show and learn about different constellations. Maybe we can sit together on the bus ride there?

Please write back when you get a chance. I always enjoy reading your letters and hearing about all the fun things you're doing. Maybe we can play a game of hopscotch or jump rope during recess tomorrow!

See you soon!

Your friend,

Lucas
