Dear Ellen,

I'm outta here! Effective two weeks from today, February 14, 2025. Yes, I'm making our breakup official on Valentine's Day—consider this my love letter to freedom and long lunches.

I've cherished every overly serious meeting and cherished every coffee break escape. Thanks for the memories and the free pens! I'm off to greener pastures, or maybe just a couch.

Catch you on the flip side,

Avery Lane

P.S.

I left a sandwich in the fridge from last July. Consider it a parting gift or a science project—your choice!
