

# Program for Students

---

## Objective

The program is designed to enhance students' academic performance and personal development through structured activities, workshops, and mentorship. It aims to equip students with essential skills, knowledge, and experiences to excel in their academic and future professional endeavors.

## Target Audience

High school or college students seeking to improve academic performance, develop critical thinking skills, and gain real-world insights.

## Duration

The program will run for six months, from June 1, 2025, to November 30, 2025, with weekly sessions and periodic assessments.

## Scope

This program includes:

- Academic support in core subjects such as mathematics, science, and language arts.
- Workshops on time management, study techniques, and career planning.
- Mentorship from experienced educators and professionals.
- Group projects and competitions to encourage collaboration and creativity.

## Budget

The estimated budget is \$20,000, covering resources like learning materials, guest speakers, and technology tools.

## Schedule

- **Week 1–4:** Orientation and baseline assessments to identify student strengths and areas for improvement.
- **Week 5–12:** Subject-specific workshops and one-on-one mentoring sessions.
- **Week 13–20:** Project-based learning, including group activities and practical applications.
- **Week 21–24:** Final assessments, career counseling sessions, and a closing ceremony to celebrate achievements.

## Team

- **Program Coordinator:** Oversees the program's planning, execution, and evaluation.
- **Subject Experts:** Conduct workshops and provide academic guidance.
- **Mentors:** Offer personal and professional insights to students.
- **Volunteers:** Assist with program logistics and event coordination.

## Resources

- Classroom or virtual platforms for sessions.
- Learning materials, including books, online resources, and study guides.
- Guest speakers and mentors from various fields.
- Technology tools for interactive learning and assessments.

## Evaluation

Program success will be evaluated through pre- and post-program assessments, student feedback surveys, and progress reports. The results will help determine the program's effectiveness and guide improvements for future iterations.
