To Whom It May Concern,

I am writing this letter in support of Maria Gonzalez's application for permanent residency in the United States. I have had the pleasure of knowing Maria for over five years, during which she has been my neighbor and close friend.

Maria originally came to the United States from Mexico in January 2020 and has since been an exemplary member of our community. She has consistently demonstrated her commitment to our local community through her involvement in various volunteer activities, including organizing community clean-up events and participating in the local food bank program. Maria is a dedicated individual who has shown great dedication to contributing positively to our society.

Throughout the time I have known her, Maria has exhibited qualities that make her a valuable asset to any community. She is a person of great integrity and responsibility, as evidenced by her career as a certified nurse assistant at Springfield Community Hospital, where she is well-regarded by her colleagues and supervisors for her professionalism and compassion.

Maria has also made considerable efforts to integrate into American culture while respecting her roots. She is fluent in English, in addition to her native Spanish, and has taken multiple courses in American history and law to better understand and contribute to her community.

It is my belief that Maria Gonzalez greatly deserves the opportunity to become a permanent resident of the United States. Her character and actions have proven that she is committed to being a productive, law-abiding member of society. I am confident that granting Maria permanent residency status will only further enable her to continue making positive contributions.

Please feel free to contact me should you require any more information or further clarification on the details provided in this letter. I am more than willing to discuss Maria's outstanding qualifications and character in more detail.

Thank you for considering this endorsement as part of Maria's application. I hope you will recognize her potential and dedication as much as we have in our community.

Sincerely,

Thomas Lee
