

# Fundraising Speech for Students

---

## Introduction

Good morning, everyone! I'm delighted to stand here today at Riverside High School's annual student assembly. As the president of the Student Council, it's my honor to talk about an initiative that's close to all our hearts—our "Students Helping Students" fundraising campaign.

## Need Statement

At Riverside, we believe every student deserves every chance to succeed, not just in academics, but in all areas of life. However, not all our peers enjoy the same resources. Some struggle with basic needs like school supplies and proper clothing, which many of us take for granted. These challenges can create barriers to participation in school activities and overall academic success.

## Project Goals

Our goal for this campaign is to raise \$30,000 by the end of this school year. With these funds, we plan to establish a Resource Center right here at Riverside. This center will provide free supplies, from notebooks and art materials to sports gear and scientific calculators, ensuring every student has what they need to fully participate and excel in their school life.

## Past Successes

Last year, thanks to your incredible support, we raised \$20,000 through our "Tech for All" initiative. We were able to provide tablets and laptops to over 100 students, which greatly aided their learning, especially during remote schooling sessions. Your generosity made a tangible difference, and we saw a marked improvement in student engagement and performance.

## How You Can Help

We're kicking off our fundraising with a week-long "Fun Fair" next month—featuring games, a talent show, and food stalls, with all proceeds going directly to the Resource Center. You can support this event by participating, volunteering to help, or even leading your own fundraising team.

## Special Initiatives

For those who are able to contribute more significantly, donations of \$500 or more will be acknowledged with a personalized thank you note from the students you've directly helped, along with a feature in our school newsletter. It's a wonderful way to see the direct impact of your generosity.

## **Call to Action**

This is your opportunity to make a real difference in the lives of your fellow students. Visit our campaign booth after the assembly to donate or sign up to volunteer. Every dollar, every hour of your time, and every shared post about our campaign helps us move closer to our goal.

## **Conclusion**

As we come together as a community, remember that every small action adds up to significant change. Our "Students Helping Students" initiative is more than just a campaign; it's a reflection of our spirit and unity. Let's show the world what Riverside students are capable of when we unite for a common cause.

Thank you for your attention and your anticipated generosity. Let's make this campaign a resounding success, for us and by us!
