

# Cubs Spring Training Record

---

## Team Information

**Name:** Chicago Cubs

**League:** Major League Baseball (MLB)

## Training Season

**Year:** 2025 Spring Training

## Training Location

**Location:** Sloan Park, Mesa, Arizona

## Objectives of Training

**Goals:** The main objectives of the Cubs' spring training were to evaluate player performance, develop young talent, and fine-tune strategies for the upcoming season. The focus was on building team chemistry, assessing physical fitness, and refining batting and pitching techniques.

## Key Performance Metrics

**Details:** The team tracked various performance metrics during spring training, including batting averages, ERA (Earned Run Average), fielding statistics, and individual player progress in both offensive and defensive skills.

## Duration of Training

**Duration:** Spring training spanned six weeks, with daily practices and scheduled exhibition games against other MLB teams.

## **Record of Games**

**Performance:** The Cubs played a total of 30 exhibition games, ending with a record of 17 wins, 10 losses, and 3 ties. Key highlights included the emergence of a rookie pitcher who showcased a promising fastball and a veteran player returning to form after an off-season surgery.

## **Comments/Feedback**

**Feedback:** The team management and coaching staff were pleased with the overall performance and progress shown by the players. There was a focus on improving areas such as base running and situational pitching. Feedback from players indicated a high level of satisfaction with the training facilities and the coaching methods used during the spring.
